From the press release from Ezra Yacob, Chairman and Chief Executive Officer:

"We are pleased to announce a 7% increase in our regular dividend. The increase reflects both the confidence in our business and the ability to support the higher dividend through commodity price cycles. A sustainable growing regular dividend remains the primary mode of cash return to our shareholders. We also announced a \$5 billion increase in our authorization for opportunistic share repurchases. This increased authorization allows us to retain flexibility on how we return additional cash to shareholders."
